

TENACIOUS, LIGHTWEIGHT, AND HIGHLY VERSATILE

Requiring only a 110 volt/single phase/20 amp circuit, the Hornet is perfect on job sites where power is a concern. The unit is lightweight and highly maneuverable, while still delivering a properly prepared surface. No shortcuts here, it is engineered and built to meet exceptional quality standards.

- Compact and convenient
- Powered by a long-lasting, industrial 2.8 HP motor
- Soft-start technology allows the safe use of a more powerful motor
- Height adjustable handle ensures operator comfort
- Clear, concise amp meter helps deliver consistent productivity

TECHNICAL SPECS

Voltage	110V
Phase	Single-Phase
Blast Motor Output	2.8hp , 20A
Working Width	8" (20cm)
Length	57" (145cm)
Width	13" (33cm)
Height	33" (84cm)
Weight	114 lbs (52kg)
