

# MODUL300 12 INCH SHOTBLASTER

## DOUBLE OR SINGLE BLAST WIDTHS, YOU DECIDE!

Uniquely designed with increased production capabilities, housed in a mid-sized blaster.

The MODUL300 continues the tradition of offering the most versatile and effective surface preparation system in its class. The blast width of the base model can be doubled by the addition of an Extension Unit, increasing the production capabilities of the standard unit, while still requiring only one operator.

- Compact dimensions and easy to maneuver
- Exclusive "Travel Mode" prevents damage during transportation, loading, and unloading
- Easy transport to the site
- Long service life on consumables
- Even blast pattern
