

MODUL350 14 INCH SHOTBLASTER

VERSATILE & EFFECTIVE SURFACE PREPARATION

The blast width of the basic model can be doubled by the addition of an Extension Unit for a cost-effective increase in production. The high performance makes the MODUL350 ideally suited for very hard concrete, coatings, and also for steel decks, bridges, and tanks.

- Compact dimensions and small footprint allow for easy maneuverability
- High performance on steel and concrete
- Exclusive "Travel Mode" prevents damage to dust skirt during transportation, loading and unloading
- Easily transportable to your job site
- Long service life on consumables, reduces operation and consumable costs
- Simplified maintenance, designed to be user maintained

TECHNICAL SPECS

Voltage	480V
Phase	3-Phase
Blast Motor Output	23hp, 26A
Working Width	14" (350mm)
Length	69" (175cm)
Width	22" (56cm)
Height	42" (107cm)
Weight	882 lbs (400kg)
