

WORK SMARTER... NOT HARDER!

RETIRE YOUR MANUAL WHEELBARROW AND UPGRADE TO A POWER DUMPER BUGGY for transporting materials like concrete, soil, and gravel easily.

Bartell Global has been manufacturing Morrison Power Buggies since the 1990's and in that time has developed a proven product that helps contractors effectively move materials around thousands of job sites each year.

Benefits include increased productivity, reduced injuries (especially back injuries), decreased labor costs, and more capacity for bigger projects.

TECHNICAL SPECS

Engine	Honda GX390/GX390E
Power Output	11.8hp (8.7kW)
Wheelbase	44" (112cm)
Length	97" (246cm)
Width	single wheels: 36" (90cm) double wheels 43.5" (110cm)
Height	53" (135cm)
Weight	2260 lbs (571.5kg)
Maximum Load	2500 lbs (1136kg)
Capacity	17ft ³ (481L)
Speed	7 mph (12 kmh) at 4000 rpm
Ground Clearance	6" (15cm)
Turning Radius	74°

FEATURES

- Dump and drive capability allows for feathering of load in forward and reverse
- Operator's platform with simple control system for comfortable and convenient operation
- Excellent traction & control with heavy-duty welded chassis
- High density poly bucket
- Steel bucket upgrade available
- Power supplied through heavy-duty hydraulic pump and two high-efficiency hydrostatic drive motors
- Foot operated dump lever allows operator to keep both hands on steering handle at all times
- Foot actuated operating pedal and parking brake
- Heavy-duty components for longer life
- Electric start available
- Optional foam-filled tires available
