

FOR DUST FREE SURFACE PREPARATION OF AREAS WITH RESTRICTED OR LIMITED ACCESS

The ELEPHANT is safe and simple to operate with lightweight and compact dimensions. It is ideal for smaller contracts which normally cannot be blasted economically.

Specifically engineered to blast close to the wall, minimizing handwork and edging, especially in the corners.

FEATURES

- Lightweight, yet powerful enough for everyday use
- Compact design ensures easy transport
- Can be used where only single-phase power is available, both residentially and commercially: restaurants, garages and offices
- Low machine height for working under racking, scaffolding, and work benches
- Dustless operation with a standard industrial dust extraction system

TECHNICAL SPECS

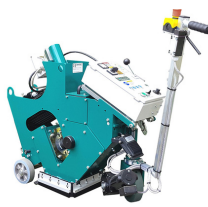

Motor	5hp, 230V, 60Hz, Single-Phase, 22A
Working Width	8" (20cm)
Length	35" (89cm)
Width	12" (30cm)
Height	33" (84cm)
Weight	177 lbs (80kg)
