

MULE

WALK-BEHIND FLOOR SCRAPER

RAISING THE BAR FOR ALL FLOOR STRIPPERS AND SCRAPERS!

Its unsurpassed performance leaves others in its wake! The medium-duty MULE excels at floor covering removals due to its superior engineering, refined design, and combination of weight, power, and ram action.

The MULE is surprisingly agile and very comfortable to operate! With a working width of 12 inches, it can easily get into tight corners and small spaces.

TECHNICAL SPECS

Working Width	12 in (30 cm)
Motor	1.5 hp 110V, 60Hz
Motor Speed	3,380 rpm
Length	27" (69 cm)
Width	10" (25 cm)
Height	42" (107 cm)
Weight	290 lb (132 kg)
Removable Weight	184 lb (83 kg)

FEATURES

- Unique self-propulsion can be used either manually or automatically
- Ram action is a direct drive application
- Brushless motor
- Height adjustable and vibration dampened handle maximizes operator comfort
- Stable, balanced lifting point
- Inboard weights are adjustable to three positions, ensuring maximum blade pressure for difficult removals
- Removable weights and well-balanced design enhance transportability
- Canadian model comes with 20A plug
