

# P800PRO THREE-HEAD PLANETARY GRINDER

## PREMIUM GRINDING & POLISHING

- 3-head planetary design
- Precise weight distribution for exceptional balance
- Reliable belt-driven technology
- Quick adjusting handles
- Adjustable spring-assisted swing weights for variable head-pressure
- Heavy-duty 3/8" plate steel frame
- Integrated transport wheel for safe mobility around the job-site
- Variable speed control
- Quick-change propane tank latch saves time and hassle
- Integrated water tank
- Bright LED work light at both front and rear of the machine
- Adjustable dust skirt for effective dust suppression
- Integrated lift, tie-down, and winch points

### TECHNICAL SPECS

Motor/Engine	993cc Briggs & Stratton Vanguard
Power Output	35 hp (26 kW)
Variable Head Speed	890 rpm
Water Tank Capacity	12.5 gal (47 litres)
Vacuum Port	3" (75 mm)
Grinding Force	916 lbs (415 kg)
Grinding Width	30" (762 mm)
Individual Head Diameter	11" (279 mm)
Max Height HANDLE UP	82.5" (2092 mm)
Min Height HANDLE DOWN	51.5" (1310 mm)
Min Length HANDLE & WEIGHTS FWD	68.5" (1740 mm)
Max Length HANDLE & WEIGHTS BACK	92.5" (2345 mm)
Width	31.5" (800 mm)
Machine Weight	1309 lbs (593 kg)
