

## ACCURATE & EASY FLOOR CUTTING

This street saw is perfect for tackling many concrete floor cutting challenges. Equipped with a GX390 Honda Engine, it is powerful enough to take on many different applications.

### FEATURES

- Honda GX390 engine for smooth power
- 2" wide serpentine belt for optimal power transmission
- 8 gallon water tank for dust suppression when cutting dry
- Telescopic handle allows user to adjust for the best height
- Hose adapter connects to a standard garden hose for convenient and efficient wet cutting
- Depth guide for precision
- Parking brake prevents accidental rolling
- Blade guard can be swapped from right to left side cutting
- Optional trenching kit cuts a 20" pass, perfect for trench cutting and pothole repair

### TECHNICAL SPECS

Max Blade Diameter	18" (457mm)
Max Dual Blade Diameter	14" (356mm)
Engine	Honda GX390
Blade Shaft Diameter	1.25" (32mm)
Blade Arbor Diameter	1" (26mm)
Max Blade Shaft Speed	2600
Max Cutting Depth	<b>18" blade:</b> 6 $\frac{3}{8}$ " (168mm) <b>14" blade:</b> 4 $\frac{3}{8}$ " (117mm)
Length	54" (137.7cm)
Width	24.5" (62cm)
Height (with water tank)	42" (108cm)
Weight (dry)	225 lbs (102kg)
Weight (shipping)	275 lbs (125kg)
